Subject: Japanese Approval Certificate for Radio Equipment

Product Identification : MC8795V
Classification : Certification Ordinance Article 2-1-11-3
W-CDMA Cellular Radio Communication Land Mobile Station
Certificate No. : 005XYAA0264

Dear Mr. Jason W. Cohenour,

We hereby inform you that the above mentioned radio equipment accepted by application No. 005XYAA0264 of 10/15/2012 is certified as applied.

Please note the following points:

1. Please report to us without delay if any items documented in the application for this certification are changed. The type of emission, frequency or antenna power shall not be modified.
2. Please keep all records of complaints against the certified equipment which have been reported to suppliers, and provide them to us for our reference upon request.
3. Please provide necessary countermeasures in the event of complaint concerning insufficiency of the equipment or service, which influences conformity with technical regulations. Please keep all records of measures you have taken and provide them to us for our reference upon request.
4. Market surveillance may be conducted concerning this certification. In such a case the necessary testing tools and samples shall be submitted upon request.
5. Please inform us any changes in company name, company address and the company representative such as CEO by the Japanese radio law.
6. There are two obligations for applicants by Article 38-25 of the Japanese radio law. Applicants shall produce all the radio equipment to meet the design and specification part of the application document. Furthermore, applicants shall keep the inspection record for 10 years by following the Quality Assurance part of the application document.

Please quote the Certificate number for your further inquiries.

We appreciate your support and would like to offer our assistance in the approval of your future products through our extensive range of technical services. Please feel free to contact us whatever your requirements may be.

Sincerely yours,
